Everyone thinks that I'm not here.

But I
am
here.

On any given night in the United States, there are approximately 2 million people without homes. **40% of those people are women and children.**

Poverty and homelessness are alive in Prescott. Please support the efforts of the Prescott Area Winter Shelter to end this cycle by sponsoring a woman or child for the winter season. Providing a cot for the winter season could mean saving the life of a woman or child in our community.
